

REPSOL – MONTESA HRC

Spanish Trial Championship
6th round.

Toni Bou finishes absolute second and Laia Sanz achieves her first victory in the TR2 category.

Valdemanco (Madrid), 05.10.2008. - Toni Bou (Montesa-HRC Cota 4RT) finished second in the absolute classification of the sixth and penultimate event in the Spanish Trial Championship. The current world champion struggled against the leader of the event, losing one point to him in each lap, in the first due to excess time. Bou has therefore strengthened his second position in the general classification.

Laia Sanz (Montesa-HRC Cota 4RT) achieved a great success with her first victory in the TR2 category (Formerly Senior B), a result that has taken her to the fourth position in the general classification of this competition, consisting of six scoring events and finishing today, Sunday.

Toni Bou: *"It hasn't been a very selective trial, in which any point lost, either due to time or in the zones, affected the final result a lot. It's a championship that I'm finding difficult for the second consecutive year and these eleven points that separate me from the leader, with just one event to go, are practically definitive".*

Laia Sanz: *"At the beginning I had problems with the time and I thought it'd be more intelligent to speed up the pace. It was a good decision and I got my first victory in this category, in a very close final, with two points in the lead that have been very important for me. I'm delighted and give great value to this victory, as the TR2 category has a high level".*

The Spanish Trial Championship will end on November 9 with the last scoring event, in La Nucia (Alicante).
